LITTLE TOTS.

Good Judgment and They'll be Healthy.

Growing children need good food and lots of sleep. Their little bodies need a great amount of nourishment. They must have food that will make bone and muscle and build fat and tissue.

It's surprising how little judgment is used in selecting food for children. Many of the bodily ills that befall the Nature Club," "A March in the youth could be avoided if their bodies were properly nourished.

The ideal food for children as well as adults, is Malt-Nut. It is a new combination of nature's food elements and represents all that is new and progressive in food science.

Malt-Nut is unlike any other food yers," Clergymen and Doctors," produced, for it contains all the elements of nutrition that the human system needs.

This process makes a combination of nature's food elements containing four times as much nutrition as beef. Malt-Nut has a delicious nutty flavor that the children enjoy.

It can be served in a score of ways and makes a palatable addition to every meal. All good grocers can supply

Rubber Man With Big Name.

He Carries It In Extra Satchel.

Work at a New Pushing Factory.

"My name is perhaps the greatest burden I've got," remarked Mr. Charles E. H. Fayrer-Hickey, the urbane and jolly representative of the Sundries department of the Goodyear Tire & Rubber Co., while talking with a party of friends Friday evening. "Not long ago, while was in Erie, Pa., one of the newspapers remarked that 'Mr. Hickey is somewhat handicapped as a traveling man, because he is obliged to take an extra satchel with him on each trip to carry his name in."

Mr. Hickey is an Englishman, with all the accents and calmness of voice that go to make up the model Britisher, but he is a standing contradiction of the story that an Englishman can't see a joke. He is even somewhat of a joker himself.

Mr. Hugh M. Eaton, of Buffalo, has accepted a position in the Sundries department of the Goodyear Tire & Rub-

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open, the impurities from the body appear in the form of unsightly eruptions, De Witt's Little Early Risers keep the liver and bowels in a healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took De Witt's Little Early Risers for billousness. They were just what I needed, I am feeling better now than in years." Never gripe or distress. Safe, thorough and gentle. The very best pills.
